I Prologue

A long time ago in a galaxy far far away ... star wars. Episode I the annoying Sith the Jedi are not that good at fighting people if they have a light saber. Many Jedi got killed though two people did not get killed and they are called Greedo and Do go. Senator Palpatine has sent two more Jedi. They are called Yoda as a ghost so he can go through walls and Obi Wan Kenobi is a Jedi master. On Tatooine a little boy Anakin Skywalker has just been born and now he is nine years old. Anakin really wants to be trained into a Jedi.

II Finding Yoda And Obi

In Greedo's and do go's spaceship they were searching for Yoda as a ghost and Obi Wan Kenobi at Tatooine. Greedo and do go found battle droids oh no. out popped their light sabers and BAM! One down nine to go BAM! BAM! BAM! BAM! BAM! They are past halfway BAM! BAM! BAM one more left BAM! They are all defeated. They searched for Obi Wan Kenobi and Yoda as a ghost for one hour then they found them. Though Obi Wan Kenobi, Yoda as a ghost, Greedo and do go were trapped oh no who is it?

III At Tatooine

Greedo and Do go were scared of who it was. It was Anakin. Welcome to my hometown Tatooine said Anakin. Come in my house for a sleep. They went in the house for a sleep. Before they went to bed they played spotlight and had a drink of milk Obi Wan Kenobi read a story to Anakin. The story was called Pod racing Many years ago Watto invented Pod racing. There were only two people doing the first Pod race they are Qudronero and Sebulba. Fodesinbeed Annodue calls out the racers. When that is done Jabba the Hutt eats a worm and spits it's head onto a cymbal and of they go. At the start of the race track it has got twisty turns just to make the race track harder. At the last lap of the pod race Sebulba crushes Qudroneros Pod racer and Sebulba wins. Watto laughed at Qudronero when his pod racer got broke the end.

IV Waking Up

At night Anakin went downstairs to ask Obi Wan Kenobi if was a pod race on tomorrow Obi Wan Kenobi said ask your mum when she gets home WHAT! Mummy's not here yes said Obi Wan Kenobi

I'm staying up all night to wait for mum said Anakin Skywalker she is going to be here next week NEXT WEEK! I can't wait till next week I WANT TO KNOW WHEN A PODRACE IS ON!

Let me look up on safari they searched and searched and they found the web site pod racing games tomorrow is a pod race on at 3.30pm could I do it let me see if you can do it Anakin. Yes you can

why said Anakin Skywalker because it is for nine years old or over and you are nine. OK, I will do it. Put your name in and you are doing the pod race. OK, Anakin put his name down and the I phone said you're in the pod race at 3.35pm YAY said Anakin go to bed now Anakin. OK good night Obi Wan Kenobi good night Anakin Skywalker.

V Way To Coruscant

In the morning when the Jedi went outside there were twenty battle droids. Oh no quick get in the spaceship. They went up in the air and shot out five droid cars and they got to work. Every droid car got four battle droids killed. They escaped from Tatooine they traveled to the peaceful planet Naboo. At the palace they found Queen Amidala. They asked Queen Amidala where she lives and she answered Coruscant. CORUSCANT! Where is that? It is where Jar Jar Bincks lives. JARJARBINCKS! There is no such thing as Jar Jar Bincks. I will lead you to his home.

VI Jar Jar Bincks home

At 2.05pm Queen Amidala, Obi Wan Kenobi, Yoda as a ghost, Greedo and Do go went underwater to search for Jar Jar Bincks home. Jar Jar Bincks was with boss Nass Jar Jar go to the door said boss Nass. OK said Jar Jar Bincks. Jar Jar opened the door. There stood Obi Wan Kenobi, Yoda as a ghost, Do go and Greedo. Jar Jar Bincks was happy to see them. Jar Jar said do you want to go into the swimming pool? Obi Wan Kenobi said yes Do go said yes. Greedo said no and Yoda as a ghost said yes. We are going to the swimming pool said Jar Jar Bincks. Greedo you watch us swim in the pool. OK said Greedo. They went downstairs to the pool gate and Jar Jar did the password then the pool gate went open. YAY WE GET TO GO SWIMMING YAY! In the pool Obi Wan Kenobi was doing Pizza circles and Jar Jar did the underwater challenge against Do go and Do go won. Good work for beating me Do go said Jar Jar thanks said Do go. They went back to their spaceship and I programmed it to go to Tatooine 10 9 8 7 6 5 4 3 2 1 BLAST OF! Anakin it's 3.00. Put the boosters on said Obi Wan Kenobi you're going to be late for your Pod race. OK said Anakin he put on the mega boosters on and ZOOOOOOOOOMED! to Tatooine. They had to avoid the mega fast big rocks. Oh no what are they going to do with all the rocks?

VII Mending the pod.

Obi Wan Kenobi put on the shrinker 2000 and shrunk all the rocks. He did that in 5 minutes and then the time was 2.55. they were going to be at Tatooine in two minutes. Now they are here at Tatooine. Anakin went inside his house and got his Pod racer. He did some repairs to make his Pod racer to go faster than all the Pod racers. After he mended his Pod racer it was 3.00. then he had a practice round of the track and it takes 4 minutes to do one lap of the track and Anakin did 5 laps of the track and it took him up to 3.20pm. Anakin's mother Grace did some finishing touches on his pod racer which took 7 minutes Anakin Skywalker could not wait till the pod race started! Anakin asked his mum Grace if he could go on the I pad and Anakins mum said NO! Why asked Anakin because it's

3 minutes until the pod race started. Instead, Anakin did reading for 3 minutes and then the pod race started. Anakin was so excited!

VIII The Pod Race.

At 3.30pm Anakin Skywalker took his Pod racer out onto the racing track and Fodesinbeed Annodue called out the racers. Our world champion Sebulba! Next is Qudronero in his 4 gear wheel bike next is one lucky human Anakin Skywalker next is cokes pie with a huge pie Mame last we have ugh com with the 2nd best gears. "start your engines " ready get set go Anakin started off well but then his engine broke and had to find a way to catch up with the other racers. How will he fix his engine? He put on his mega fast boosters and he went zooming so fast that no one could see him. His Mega fast boosters were wearing off and he got up to the world champion of pod racing. He's really hard to pass. Sebulba thought of a trick. He pushed Anakin's pod up to the watching line and

Anakin flew 109 feet high. He became faster and faster and faster and landed in front of Sebulba. ITS A MIRILCLE! Shouted Fodesinbeed Annodue. Anakin was on his last lap, he didn't want to be overtaken by any of the racers. Sebulba is so close behind Anakin. Anakin was very very nervous. Sebulba got his pipe tangled with Anakin's pipe. They were trying to break each others pod racer. Anakin thought and had an Idea he zoomed at top speed and had won the race! Fodesinbeed Annodue said " we have a new world champion Anakin Skywalker. The crowd went wild.

IX Practice fight.

After the pod race Anakin asked his mum Grace if he could go with Yoda as a ghost Obi Wan Kenobi Greedo and do go. Anakin's mother said if you want to be a Jedi Asked her mother yes said Anakin. Alright said his mother. "YAY said Anakin he packed up the stuff he needed and went to the ship and helped the planet Theed. On the way back to the ship Darth squid tracked down Yoda as a ghost. Oh no. Out popped Yoda as a ghosts light saber. It was a purple one. Yoda was one off the best Jedi on earth you could imagine. Yoda did a simple trick. He cut to the left shoulder and to the right and then ducked with his light saber on top of his head and brought it down with a very very very hard smack! Yoda as a ghost jumped really high. The fight finished and was silence.

X Theed Palace.

At Theed Palace were two droid cars and five battle droids. Yoda as a ghost focused on the two droid cars and Obi Wan Kenobi took care off the battle droids. Obi Wan Kenobi and Yoda as a ghost deflected the bullets. Obi Wan Kenobi finished the job first because the Battle droids had one life and the droidekas had two lives because you needed to break the shield. After that was done Obi Wan Kenobi and Yoda as a ghost found R2 – D2. R2 – D2 did a switch and opened the door. Obi Wan Kenobi used the force to make padme and captain panaka and a little bridge to walk over and Anakin crawled through a little door. They found more droid cars and battle droids. Yoda as a ghost tried to kill the droid cars and Obi Wan Kenobi killed the battle droids and R2 – D2 had to do another switch. The switch was opened and found some pilots captured by quiet battle droids. Obi Wan Kenobi asked the battle droids if they could sett the pilots free but the battle droid said stop whats your name? And Obi answered Obi Wan Kenobi. You are under arrest so Obi Wan Kenobi, Yoda as a ghost, Do go and Greedo took their light sabers out of their pocket and attacked the battle droids. When that was done they stole the spacecraft off the battle droids and went to find another planet to onshore on.

XI Time To Fight.

When they where looking for another planet they found a planet called Dagobah. At the planet Dagobah Obi Wan Kenobi, Yoda as a ghost, Greedo and Do go found Darth squid on the planet Dagobah. Greedo took in charge of the ballistic capsule

and Do go, Yoda as a ghost and Obi Wan Kenobi dealt with Darth squid. You have been trained very very bad because I've got a double ended light saber said Darth squid. It was a red one. Let the fight begin said Darth squid. So the fight began and Darth squid jumped really high and stabbed his light saber really hard on the ground. It did not kill anyone so he did it again and in this case Darth squid killed Do go. Obi Wan Kenobi and Yoda as a ghost cut of both of Darth squids light saber. Yoda as a ghost Jumped behind Darth squid and killed him. And they lived happy ever after.

THE END.
