## Chapter 1

### The Brave Knights

A long time ago, in a faraway land, there was a 100-year peace city called Knightonia. The reason it was called Knightonia is because there were five knights who had to defend Knightonia from Jestro's evil Stone Monsters. The knights were called Clay, Macy, Aaron, Lance and Axl. 100 years ago they defended Knightonia and won against Jestro and his evil Stone Monsters.

## Chapter 2

### The Stone Monster Battle

100 years ago the Stone Monsters were created by the evil Cloud of Monstrox! The evil Cloud zapped Jestro to make his temper angry once again. The Cloud of Monstrox took Jestro to a spooky graveyard and told Jestro that he could make stone statues come to life to defeat the Nexo Knights. So the Cloud of Monstrox made thousands of Stone Monsters to defeat the 100 year peace land called Knightonia. When they were ready to battle Knightonia, they won the battle against the Nexo Knights in just one hour. Next, the Stone Monsters were planning to make Knightonia home for themselves and make the people from Knightonia have nowhere to live. But the Nexo Knights had a secret weapon to win against the Stone Monsters next time. What would it be?

## Chapter 3

### Battle Suits For Nexo Knights

Back at the Nexo Knight's Fortrex, their little mechanical boy called Robin was making battle suits for all of the Nexo Knights to help them defeat Jestro. The battle suits included a new, bigger weapon than their original one and controls to move their Combo Nexo Power and weapon around. Last, but not least, each suit had a Combo Nexo Power. You can see the Combo Nexo power in this picture.

## Chapter 4

### The Second Round Fight!

After the battle suits were made, the Nexo Knights were ready to go into battle. The Stone Monsters were coming, as soon as possible, to turn Knightonia into a new place called Stonetonia!

The Stone Monsters would make the city their own. But the kind and friendly Nexo Knights were organised and waiting for Jestro to attack Knightonia. When Jestro and the evil Stone Monsters were ready, the battle started. But the Nexo Knights got an enormous surprise. The surprise was a new recruit to the evil Stone Monster army. Their new recruit was called

Ruina Stonehart and she had a funny looking Nexo Power. The Nexo Knights didn't know what it was called because they hadn't seen a Nexo Power upside down before. The Cloud of Monstrox said "Horrible Hunger!" and the Nexo Knights hunger started to go up, especially for Axl. The Nexo Knights had no choice but to release their Combo Nexo powers. The Nexo Knights combo was called Rolling Fireball of the Dragons Fury. Just then, Merlock 2.0 sent a beam of gold light onto the Nexo Knight's battle suits and smashed all of the Stone Monsters to the ground. The Nexo Knights had

won the battle once and for all and Jestro and the Cloud of Monstrox retreated to Jestro's headquarters to make a new plan for the next time they fight Knightonia.

## Chapter 5 Hooray for Nexo Knights

When dusk fell, the Nexo Knights had a giant ceremony to celebrate them defeating the evil Stone Monsters. They got rewarded with a gold statue of themselves and lived happily ever after.
